

## INDEX TO VOLUME 8

This index covers the issues for 2001, as follows: January (Number 1), pages 1–102; February (Number 2), pages 103–210; March (Number 3), pages 211–302; April (Number 4), pages 303–408; May (Number 5), pages 409–598 (note: the SAEM annual meeting abstracts are indexed in the back of the May issue and hence are not included here); June (Number 6), pages 599–688; July (Number 7), pages 689–770; August (Number 8), pages 771–858; September (Number 9), pages 859–936; October (Number 10), pages 937–1012; November (Number 11), pages 1013–1114; and December (Number 12), pages 1115–1224. The abbreviations used throughout the index are spelled out in the footnote below.

## SUBJECTS

- Abscess(es), breast, aspiration guided by ultrasound (brief report), 398
- Abstract(s), SAEM 2001 annual meeting, 414–588  
SAEM annual meetings (errata), 967
- Abuse, *see also* Domestic violence  
domestic, between women, 30  
domestic, risk profile for, 796
- Academic emergency center(s), resident strike and (commentary), 827
- Academic emergency medicine, development in (commentary), 409  
growth in (commentary), 412
- Academic Emergency Medicine, special issue on errors (letters), 686; 687  
special issue on unraveling safety net, 1013–1114  
state of, in 2001 (commentary), 904
- Academic emergency physician(s), effects of HCFA documentation requirements, 880; (commentary), 907
- Acceleration of impact, football helmet effect on, 604
- Access to care, ED as safety net, 1056  
gatekeeper denial of authorization for blacks, 259  
over past 20 years, 1030  
surveillance of (commentary), 1016  
universal, rationing in (brief report), 1101
- Accidental hypothermia, perfluorocarbon liquid ventilation in (brief report), 82
- Activities of daily living, in elders after minor trauma (brief report), 78
- Acute cardiac ischemia, sestamibi scanning effect on decisions, 315
- Acute care unit(s), effect on ED overcrowding (brief report), 1095
- Acute coronary syndrome(s), risk stratification criteria, 696; (commentaries), 752; 754  
in young adults with chest pain, 703; (commentary), 754
- Acute myocardial infarction(s), emergency physician ECG diagnosis, 349; (commentary), 382  
with infective endocarditis (clinical pearls), 996; (erratum), 1206
- risk stratification in chest pain, 696; (commentaries), 752; 754  
sestamibi scanning effect on decisions, 315  
ST-segment elevation to diagnose, 961  
in young adults with chest pain, 703; (commentary), 754
- Acute scrotum, *see* Scrotal pain
- Addiction(s), prevention in ED (commentary), 274
- Adherence, with clinical practice guidelines in child asthma, 1147
- Admission(s), and cardiac activity on ultrasonography (commentary), 654  
from school injuries, 343
- Adrenal insufficiency, in critically ill in Taiwan (brief report), 761
- Adrenocortical dysfunction, after etomidate induction, 1
- Adult(s), young, chest pain outcomes in, 703; (commentary), 754
- Advance directive(s), in nursing home transfers to ED, 1158
- Adverse cardiovascular event(s), in young adults with chest pain, 703; (commentary), 754
- Adverse event(s), special issue of *AEM* (letters), 686; 687
- African Americans, gatekeeper denial of authorization for, 259  
risk factors for cardiovascular death in, 1163
- Airway management, bilevel positive airway pressure effect in status asthmaticus, 1128  
with bilevel positive airway pressure (letters), 299; 300  
emergency physician experience with ILMA, 815; (commentary), 829  
magnetically guided orotracheal intubation(s) (brief report), 285; (letters), 1010; 1010  
recommendations for ILMA use in ED, 833; (commentary), 829
- Alcohol abuse, cardiotoxicity with cocaine abuse, 211
- Alert policy(ies), for ambulance diversion, 36
- Algorithm(s), *see also* Decision rule(s)  
for ILMA use in ED, 833; (commentary), 829
- Altered mental status, in hyperammonemia from valproate (brief report), 999  
in IV drug abuser (clinical pearls), 996; (erratum), 1206  
refusal of EMS transport in, 725

Abbreviations in the index: AAEM = American Academy of Emergency Medicine; AED = automated external defibrillator; AEM = *Academic Emergency Medicine*; AMI = acute myocardial infarction; CORD = Council of Emergency Medicine Residency Directors; CPR = cardiopulmonary resuscitation; CSF = cerebrospinal fluid; ECG = electrocardiogram; ED = emergency department; EM = emergency medicine; EMLA = eutectic mixture of local anesthetics; EMS = emergency medical services; EMT = emergency medical technician; EMTALA = Emergency Medical Treatment and Labor Act; FSMB = Federation of State Medical Boards; GME = graduate medical education; HCFA = Health Care Financing Administration; ILMA = intubating laryngeal mask airway; IRB = institutional review board; IV = intravenous; LET = lidocaine, epinephrine, and tetracaine; PEA = pulseless electrical activity; SAEM = Society for Academic Emergency Medicine; SLOR = standardized letter of recommendation; SPS = sodium polystyrene sulfonate; TV = television; VF = ventricular fibrillation.

- Alternative medicine, herb-drug interaction risk (brief report), 932
- Alternative medicine(s), increasing popularity of (commentary), 65
- patients' beliefs and use of, 41; (commentary), 65
- Ambulance(s), refusal of, seizure outcomes and, 231
- Ambulance diversion, in ED overcrowding (commentary), 188
- effect of managed acute care unit (brief report), 1095
- impact of policies in Maryland, 36
- American Academy of Emergency Medicine, recommendations to FSMB on licensure, 393; (commentary), 386
- Amitriptyline, myocardial depression from, 1122
- Ammonia, elevated, from valproate, without hepatic dysfunction (brief report), 999
- Anaphylactoid purpura, with intussusception (brief report), 1005
- Andersen behavioral model of health services use, 1056
- Anesthetic(s), LET vs EMLA for pretreating lacerations, 223
- Antibodies, anti-interleukin-6, in meningeal inflammation, 946
- verapamil-specific ovine immunoglobulin G, 950
- Antidepressant(s), tricyclic, ingestions by small children, 139
- tricyclic, myocardial depression from, 1122
- Anti-interleukin-6 antibodies, in meningeal inflammation, 946
- Applicant(s), EM residency, SLOR predictors of guaranteed match, 648
- ethics in writing letters of recommendation, 70
- Approval, of IRBs, variation in responses to standard protocol, 636
- Arachnidism, *Loxosceles*, dermal inflammation in, 309
- Arizona, emergency services crisis in (letter), 1107
- rattlesnake envenomations in, 177; (letter), 688
- Arm(s), in luxatio erecta (clinical pearls), 739
- Arrhythmia(s), resuscitation from prolonged VF, 909
- Artificial neural network(s), to predict hyperkalemia, 599
- Asphyxial cardiac arrest, brain hypothermia from NT69L, 1115
- Aspiration, of breast abscess, ultrasound-guided (brief report), 398
- Assault(s), between women, in urban ED population, 30
- Asthma, bilevel positive airway pressure effects, 1128
- child, provider adherence to clinical practice guidelines, 1147
- Asthma center(s), pediatric, effectiveness of, 709
- Atrial fibrillation, in mitral stenosis diagnosis, 374
- Attitude(s), toward TV film crews in ED, 740
- Authorization by gatekeepers, ethnicity effect on, 259
- Automated external defibrillator(s), dispatcher assistance for elders, 968
- police with, response to cardiac arrest, 324
- Automatic implantable cardioverter-defibrillator(s), in central line complication (letter), 854
- Autonomy, patient, in HIV testing, 1197
- Bacteremia, risk with simple febrile seizures, 781
- Bacterial illness, risk with simple febrile seizures, 781
- Bacterial meningitis, anti-interleukin-6 antibodies in inflammation, 946
- Balanced Budget Act, decreased funding for GME, 809
- Battered women, system-change training model for screening, 131
- Bayesian statistics, of treatment bias in patient enrollment in study, 1128; (commentary), 1179
- Bedside echocardiography, cardiac standstill on, 616; (commentary), 654
- in unexplained dyspnea, 1143
- Bedside sonography, in joint effusions, 361
- Bedside ultrasonography, in breast abscess aspiration (brief report), 398
- with capnography, to predict cardiac arrest survival, 610; (commentary), 654
- of scrotum (brief reports), 85; 90
- Benign headache(s), 873
- Bias(es), treatment, effect on patient enrollment in asthma study, 1128; (commentary), 1179
- Bilevel positive airway pressure, effects in status asthmaticus, 1128
- in presumed pulmonary edema (letters), 299; 300
- Biomedical industry, research with, guidelines for, 756; (commentary), 747
- BiPAP, *see* Bilevel positive airway pressure
- Biphasic defibrillation waveform(s), in prolonged VF, 771
- Bite(s), *Loxosceles*, dermal inflammation from, 309
- rattlesnake, in Arizona, 177; (letter), 688
- Blacks, *see* African Americans
- Blood pressure(s), with esmolol vs lidocaine in intubation, 19
- Blue toe syndrome (clinical pearls), 998
- Blunt injury(ies), cervical spine, pediatric, flexion-extension radiography of, 237
- head, football helmet effect on acceleration of impact, 604
- Blunt trauma, distracting painful injuries masking diagnosis in, 25
- thoracolumbar spine injuries in, 866

**Call for Abstracts**  
**6th Annual New England Regional SAEM Meeting**  
**April 3, 2002**  
**Hoagland-Pincus Conference Center**  
**Shrewsbury, Massachusetts**

**Keynote Speaker:** Ian Stiell, MD, MSc, FRCC

The Program Committee is now accepting abstracts for review for both oral and poster presentations at the New England Regional SAEM Meeting. The meeting will take place April 3, 2002, 9:00 am-4:00 pm, at the Hoagland-Pincus Conference Center in Shrewsbury, MA; [www.umassmed.edu/conferencecenter/](http://www.umassmed.edu/conferencecenter/)

**The deadline for abstract submission is Tuesday, January 8, 2002 at 3:00 pm Eastern Time** and will be strictly enforced. Only electronic submission via the SAEM online abstract submission form will be accepted. Go to [www.saem.org](http://www.saem.org) for more information. Acceptance notifications will be sent in late February 2002.

Send registration forms to: Kathleen Shea, Department of Emergency Medicine Research, 1BMC Place, Dowling 1S - Room #1332, Boston, MA 02118-2393; [www.kashea@bmc.org](mailto:www.kashea@bmc.org)

**Registration fees:** Faculty - \$100; Resident/Nurses - \$50; EMTs/Students - \$25. Late fee after March 20: add \$25. Checks payable to Boston Emergency Physicians Fund.

## Call for Abstracts Southeastern Regional SAEM Meeting April 12-14, 2002 Jacksonville, FL

The 2002 Southeastern Regional SAEM Meeting will be held at the beach in Jacksonville, Florida on April 12 – 14, 2002.

The program committee is now accepting abstracts for oral and poster presentations. Abstracts may be submitted electronically via the SAEM web site at [www.saem@saem.org](http://www.saem@saem.org) or by email to [se.saem@jax.ufl.edu](mailto:se.saem@jax.ufl.edu) until **January 8, 2002**. Please use the SAEM submission form <http://www.saem.org/meetings/regabst.htm> if submitting by email.

There will be oral and poster research presentations, round table discussions with leaders in Academic Emergency Medicine, keynote presentations by world famous emergency physicians, and hands on educational sessions including:

- difficult airway management / alternative airway devices
- resuscitation using an advanced patient simulator
- emergency ultrasonography

All in a relaxed atmosphere in sight of the Atlantic Ocean!

Registration: medical students and residents are particularly encouraged to attend, and receive a discounted registration fee of \$50 (medical students) and \$75 (residents). Registration for attending physicians is \$110.

To register, contact: Ms. Everlena Owens • phone: (904) 244-4106 • fax: (904) 244-4508 • email [everlena.owens@jax.ufl.edu](mailto:everlena.owens@jax.ufl.edu)

Hotel: Rooms have been reserved at the host hotel, the Sea Turtle Inn <http://www.seaturtle.com/> • phone (800) 874-6000 or (904) 249-7402, for \$140 – \$180 per night. Mention the SE SAEM conference to receive the discounted rates.

**Other Activities:** Spouses and children are welcome. The beach is the main attraction. Transportation will be provided for those who would like to take a day trip to historic downtown St. Augustine on Saturday.
